Please read and sign if you wish to have this service.

This is a web site for you, which uploads patient information from our computer to a secure web server. ManageMyHealth™ is a place where you can access medical information specific to yourself. You can make notes and entries that you may make accessible to practice staff if you wish. It is a two-way secure electronic communication.

IMPORTANT – Please DO NOT use MANAGEMYHEALTH™ to communicate acute serious problems to your Doctor. Please PHONE the practice for advice in the usual manner or ring Healthline 0800 611 116.

Online Appointments

We encourage you to book **non-urgent** appointments online **WITH YOUR OWN GP ONLY**. If you book with another GP, you may be declined the appointment. Ring reception if you are unsure who your GP is. If you need longer than a 15 minute appointment, please phone to book a double appointment. Please note: you are unable to book appointments online for the same day.

Repeat Prescriptions

We encourage you to use the Repeat Prescription service. You will receive an email when your doctor has done the prescription. Please allow 2 working days for this service. If you need a prescription urgently, please phone the practice. Prescription fees will apply.

Test results

We would like to use ManageMyHealth™ as one of the ways of notifying you of test results. When we file a result you will be sent an email saying your record has been updated. Please DO NOT switch off the automatic notification box in your Inbox setup.

Your 'Lab Results' section in the 'Health Summary' option will have your results. One column has your doctor's comments on the test. For more detail click the blue 'i' button. Please read your doctor's comments and take any action recommended. If there are serious abnormalities we will endeavour to contact you through other channels, including phone, text, and letter.

Email Consultation via MANAGEMYHEALTH™

Not all doctors or nurses will respond to email requests. Those who don't will send an automatic reply advising that you need to phone the practice.

There is a fee for this service that will vary based on the time taken or complexity of the request.
